Founded by renowned wildlife photographer and conservationist, Jonathan Scott, Bound by Earth is dedicated to inspiring a lifelong passion for the natural world and empowering individuals to become active stewards of the environment.

The Nature Hunters Way

At the heart of the Nature Hunters Academy lies a unique philosophy that blends scientific inquiry, adventure, and environmental stewardship.

Through hands-on field experiences, expert instruction, and immersive expeditions, students embark on a transformational journey that fosters a deep connection to nature, develops critical thinking skills, and instils a lifelong commitment to conservation.

Curriculum of Discovery

The Nature Hunters Academy offers a comprehensive curriculum that covers a wide range of topics, including:

- Wildlife biology and ecology
- Field research techniques
- Wildlife photography
- Environmental conservation
- Sustainable living practices
- Expedition planning and leadership

Students are guided by a team of experienced educators, researchers, and wildlife experts who share their passion and knowledge to inspire the next generation of nature enthusiasts.

Field Expeditions: Immersive Learning in Action

The Nature Hunters Academy's field expeditions are the cornerstone of the learning experience.

Students venture into diverse ecosystems around the world, from the rainforests of Costa Rica to the savannas of Africa, to conduct real-world research, observe wildlife, and document their findings through photography and journaling.

These expeditions not only provide invaluable hands-on learning opportunities but also foster a sense of adventure and camaraderie among students.

Wildlife Photography: Capturing Nature's Beauty and Wonder

Wildlife photography is an integral part of the Nature Hunters Academy curriculum.

Students learn the art of capturing stunning images that not only showcase the beauty of the natural world but also serve as valuable tools for scientific research and conservation efforts.

Through workshops, field practice, and expert guidance, students develop their photographic skills and gain a deep appreciation for the power of imagery to raise awareness and inspire action.

Conservation in Action: Making a Difference

The Nature Hunters Academy is not merely an educational institution; it is a platform for action.

Students are encouraged to engage in local and global conservation efforts, from participating in wildlife surveys to volunteering with non-profit organizations.

Through these experiences, they learn the importance of taking responsibility for the health of our planet and develop the skills and knowledge to make a real difference.

Alumni Network: A Community of Changemakers

Upon graduating from the Nature Hunters Academy, students join an active and engaged alumni network.

This network provides opportunities for mentorship, collaboration, and continued learning, empowering graduates to continue their journey as nature hunters and environmental stewards.

Through research collaborations, conservation projects, and educational initiatives, alumni are making significant contributions to the protection and preservation of our planet.

Join the Nature Hunters

If you are passionate about the natural world, eager to explore the frontiers of science and conservation, and driven to make a positive impact on the environment, then the Nature Hunters Academy is calling.

Join us on an extraordinary journey of discovery, adventure, and environmental stewardship.
