The Journey of Odysseus

The *Odyssey* begins with Odysseus shipwrecked on the island of Calypso. He has been there for seven years, and he is desperate to return home to Ithaca. Calypso, who has fallen in love with Odysseus, tries to keep him captive, but he eventually escapes and sets sail for home.

Odysseus' journey home is full of challenges. He encounters storms, monsters, and other dangers. He also meets many people who help him along the way, including the gods and goddesses of Mount Olympus.

Finally, after 10 years, Odysseus finally arrives home in Ithaca. He is disguised as a beggar, and he must prove his identity to his wife, Penelope, and his son, Telemachus. Odysseus eventually reveals himself, and he is reunited with his family.
